

Coal Miners Refuse Contract Renewal Bid

U.S. Prodding Starts New Negotiations

Pittsburgh, Oct. 12.—(AP)—The striking United Mine Workers refused an offer today to renew their contract two years.

Government prodding has brought the operators and union together.

President John L. Lewis did not attend. He's expected of resumption of the talks tomorrow in White Sulphur Springs and Charleston, W. Va.

Continuance of the coal talks was the only hopeful sign in America's darkening economic picture.

No Hint Of Peace In Steel Strike

There's no hint of peace in the steel strike.

Philip Murray, president of the CIO United Steelworkers, made a nationwide radio broadcast—appealing to the public to back his demands for free pensions and insurance.

The offer to renew John L. Lewis' contract for two more years came from northern and western soft coal operators.

Frank Amos, of the Pittsburgh Consolidation Coal Company, said renewal of the old agreement until April, 1951, was the operators' "best and final offer."

Amos added the operators want "unrestricted use of our facilities."

That simply means the operators insist Lewis discard the contract clause saying miners work only when willing and able.

No Specific Demands

The UMW hasn't specified its exact demands. But Lewis has let it be known he wants an increase in the 20-cent-a-ton payments to his welfare and pension fund.

Lewis also has talked about a shorter work week with no reduction of pay.

Vice President Thomas Kennedy, of the United Mine Workers told a news conference he agreed with operators that nothing had been accomplished today. But he added:

"We're one day closer to a settlement."

And Kennedy said the miners' negotiators are willing to continue to meet "until we get a new contract."

The miners' walkout has idled 380,000 soft coal diggers east of the Mississippi. They quit after their pension and welfare payments were shut off. Lewis said some southern operators had quit paying royalties into the fund.

The steel strike which has idled about 450,000 men resulted after Big Steel refused to pay the entire cost of a pension and insurance program.

The United States Steel Corporation offered to pay 10 cents an hour—but only if workers would contribute, too.

The twin strikes have resulted in layoffs to 55,000 in allied industries.

Girl, 15, Who Beat Father To Death Released On Parole

Sandpoint, Idaho, Oct. 12.—(AP)—A 15-year-old farm girl who beat her father to death with a hammer was placed on parole today by District Judge E. V. Boughton.

At the same time, Judge Boughton signed an order giving custody of the girl, Charlotte Burns, to a California family. The name of the family was not made public.

The court said the child will be adopted by the family if this arrangement is satisfactory.

Officers testified at a preliminary hearing that Charlotte told them she had struck her father, Charles Burns, 65, with a hammer while he was lying on a couch in their isolated farm home. She was charged with manslaughter.

She told the officers he had broken his promise to take her to town. She said she had been to a town only twice in her life.

Judge Boughton paroled the girl after a board of three psychiatrists said she had lived a life of fear.

Few Herring Cause Uproar In Town

Gloucester, Mass., Oct. 12.—(AP)—A few herring caused plenty of commotion in this old fishing port today.

The fish were strewn over Essex street when a barrel of them bounced off a truck.

A second truck skidded on the herring and hit a tree.

The tree crashed through the roof of a house.

An automobile also went into a skid and rammed the rear of the skidding truck.

Nobody was hurt.

But the police are searching for the truck that lost the herring. They said it's against the law to drop fish on the highway.

Senate Okays Sliding Scale Price Supports

Washington, Oct. 12.—(AP)—The Senate today passed a farm price support bill incorporating a sliding scale of price props which President Truman is reported to oppose.

The measure which the Senate finally approved after lengthy debate also is sharply at odds with a rival bill passed months ago by the House.

The Senate bill, sponsored by Senator Clinton Anderson (D-NM), former secretary of agriculture, provides for supporting major crops

the next year at 90 per cent of parity but only if they are under production or marketing controls. After 1950, the support level could range down to 75 per cent at the discretion of the secretary of agriculture.

The House bill, on the other hand, calls for a continuation through 1950 of the 90 per cent of parity supports which prevailed throughout the war.

The parity concept has been the basis of federal farm legislation for many years. Parity is a price calculated to give farmers a fair return for the things they raise, in terms of what they have to buy.

The Senate bill revises that formula to take account of the cost of hired hands. The result is to give slightly higher price levels for farm products that require a lot of hand labor—meat, milk, tobacco and so on—and somewhat lower levels for corn, wheat, cotton and other row crops.

The Senate passed its bill by a voice vote.

The next step is for the Senate and House to try to iron out the differences in their bills. These are so basic, however, that no quick compromise was in sight.

But if the bill's past stormy history is an indicator, it probably will run into stiff opposition on the Senate floor. For this bill—which would permit more of Europe's homeless to come into this country—has set democrats against republicans and republicans against republicans.

In the last campaign, President Truman asked for what he called a more liberal displaced persons law. He said the present law, passed by the 80th, republican-controlled congress, was anti-Catholic and anti-Semitic.

The republican presidential nominee, Gov. Thomas E. Dewey of New York, also said the law should be changed.

After a bitter debate, the House passed a displaced persons bill on June 2.

Washington, Oct. 12.—(AP)—The displaced persons bill finally got out of the Senate judiciary committee today, and may come up for a Senate vote this week.

The committee voted, 7 to 3, to release the measure, but refused either to endorse or oppose it.

Senator Lucas (D-Ill.), the majority leader in the Senate, previously had said that as soon as debate on the farm program was completed, the Senate would take up the DP bill.

Acheson Blasts New Regime In East Reich

Washington, Oct. 12.—(AP)—Secretary of State Acheson today denounced the newly-created regime in eastern Germany as run from behind the scenes by "Soviet Masters."

Acheson declared in a statement that the new regime is "obviously afraid to risk the verdict of the people of the Soviet zone."

He restated American support for the new Bonn government in western Germany.

Declaring that the east German regime can speak neither for the German people in the Soviet zone, nor in the name of Germany as a whole, Acheson said "high sounding" talk about a peace treaty and the withdrawal of occupation troops were designed only for "propaganda appeal to the German people."

At a news conference, Acheson also rejected outright a recent protest by the Communist-run governments of Poland, Czechoslovakia, Hungary and Romania against establishment of the Bonn regime. He said the protests were made "in the interest of a foreign power Soviet Russia—rather than in the interests of their own people."

Acheson also:

1. Branded the current wave of arrests in Czechoslovakia as another example of terrorist tactics in Communist countries.

2. Said he had no intention of taking up specific problems with Prime Minister Nehru during the visit of the Indian leader.

3. Declared the State department will not be coerced into changing the U.S. policy of withholding armed protection from American merchant ships risking operation through the Chinese nationalist blockade.

The blockade reference was to a telegram Acheson received today from the Isbrandtsen company of New York urging again that the United States provide armed escort for one of its ships, the flying trader.

Acheson said the purpose of the telegram and publicity was to coerce and drag the U.S. government into a new declaration of policy.

Admirals Continue To Blast Johnson Policy

Lord Boyd Orr Wins '49 Nobel Peace Prize

Oslo, Norway, Oct. 12.—(AP)—Lord Boyd Orr, president of a movement for world federal government and former head of the United Nations food and agriculture organization, is the Nobel peace prize winner of 1949.

The Norwegian parliament's Nobel committee announced its award today to the patient, craggy-faced, 69-year-old Scotsman who has long campaigned for "a world food policy" based on the needs of the people rather than on trade interests.

The prize amounts to 156,289.82 Norwegian kroner (\$21,689.30). It is awarded from a fund set up in 1896.

Washington, Oct. 12.—(AP)—The Secretary of Defense Johnson's "cut the navy" policy underwent a mounting barrage from famous-name admirals today and a key congressman accused Johnson of making "grand stand" economy plays.

The heat on Johnson increased terrifically as:

1. Admiral William F. "Bull" Halsey called for completion of the huge, \$189,000,000 aircraft carrier United States, cancelled by Johnson. The hero of the Pacific lambasted the air force's B-36 atom bomber before the House armed services committee. He said it was fit only for "seige" bombing operations against cities and industries—and he said a seige never yet won a war against an enemy with an army in the field.

King Defends Navy

2. Alling Admiral Ernest J. King, top man of the Navy in World War I, sent the committee a statement that "we have been over-emphasizing the atom bomb and the bomber that was planned to deliver it." He said that "any war plans—or peace plans—which deprive the Navy of its combatant strength will become the plans for our own defeat."

3. Admiral Richard L. Conolly, commander in the eastern Atlantic and Mediterranean, testified that if war should come he would need more Naval strength than the entire Navy now has. His responsibilities are increasing but his tools are decreasing, he said.

4. Admiral Thomas C. Kinkaid, commander of the eastern sea frontier, protested a "magnificent mentality" which, he said, might be "fatal" to the country's efforts to prevent destruction of civilization.

Vinson Hits Johnson

Then Rep. Vinson (D-Ga.), the chairman of the House committee, cut loose at Johnson. Noting that the defense secretary had ordered \$800,000,000 cut in Navy, Army and providing funds only for the 48-Air Force spending for 1950, Vinson said this was done without consulting congress and before the 1950 appropriation bill has even been passed.

Calling this a "grand stand play," Vinson said:

"When a bill is pending before congress and further review of funds is justified, then he should come before congress."

"Bureaucrats," Vinson said, are not playing fair with congress when they go about "making a record" as they economize without consulting the legislators.

Johnson, however, hinted that President Truman is supporting his defense policies.

A reporter asked Johnson today if he had received assurance that the President is backing him up.

"If he wasn't I wouldn't be holding down this job," Johnson said.

Possible Corner In Eggs Runs Into Official Opposition

Chicago, Oct. 12.—(AP)—A possible corner in eggs ran into official opposition on the Chicago mercantile exchange today.

Exchange officials, declaring an "emergency" existed in the October egg futures, ruled that no new deals will be permitted in this contract. Trading will be limited only to close out of open commitments.

This means that if a trader has bought October eggs futures, he may sell them; or if he has sold them, he may buy. But no trader, or anyone else, can make any new buying or selling commitments in October eggs.

Furthermore, the officials ruled that at the close of business tomorrow maintenance margins must be raised from the present \$400 to \$800 a carload. At the close on Friday, the margin must be raised to \$1,400.

Theresa, N.Y., Oct. 12.—(AP)—Joseph Bacon, 82, smelled smoke and hopped out of his bathtub to find his kitchen ceiling and wall aflame.

His shouts for help were heard by a neighbor, Miss Bernice Fairbanks, who climbed out of her own bathtub and called the fire department.

The house, in this northern New York community, was saved.

Washington, Oct. 12.—(AP)—The Senate today continued its debate on the bill to increase the salary of military men.

Washington, Oct. 12.—(AP)—A pay raise for most of the nation's fighting men—ranging from about \$5 a month for recruits to a little more than \$300 for generals with 30 years' service—was signed into law today by President Truman.

Congress recently passed the bill, granting the bigger raises to high officers because they have not had a general increase in 40 years.

The increases, effective Oct. 1, are expected to cost \$200,000,000 a year.

The same scales will apply to members of the army, navy, coast guard and other uniformed services.

At the lowest end of the military scale, a buck private's starting pay of \$75 a month will remain unchanged, but the bill provides a \$5 automatic increase for him at the end of five months' service.

In addition to raises for active personnel, those retired for disability will in many cases receive higher compensation.

Nine Democratic members of the Senate-House "Watchdog" committee voted in favor of the report approving the commission. Six Republican members voted against it. The committee has 18 members, but many of them were away from the capital.

The committee held extended hearings during the summer on Hickenlooper's charges. He sought to prove laxity in security precautions, and waste and extravagance in administration of the multi-million dollar program.

Washington, Oct. 12.—(AP)—The Senate's "Five Percenters" inquiry is off at least until January, but one of the men it investigated is going out of business.

Sector Hoyer (D-NC), who headed the Senate subcommittee which conducted the probe, made the announcement today after a closed-door committee session.

He said James V. Hunt, Washington, "management" counselor, is closing his business Saturday on the advice of his physician. Hunt gave illness as the reason he could not appear before the committee and give testimony.

Reports of Hunt's activities in and around official Washington set off the Senate inquiry last summer. Other witnesses testified that he had collected large fees for his assistance in seeking government contracts. One quoted Hunt as having said that "all I have to sell is influence."

Review Of Book Given At Meeting Of Tuesday Club

A review of the book "Cheaper by the Dozen," was given by Mrs. L. P. Huack Tuesday afternoon at the meeting of Tuesday club held at the home of Mrs. Jack Thomas, 527 Rosedale boulevard.

The authors, Frank Bunker Gilbreth and Ernestine Gilbreth Cary, are two of the famous children of Frank Bunker and Lillian Gilbreth, who were among the first in the scientific management field and the very first in motion study. Between the years, 1910 and 1924, their firm, Gilbreth Incorporated, was employed as efficiency expert by major industrial plants in the United States, Britain and Germany.

By the ingenious methods of Mr. Gilbreth, the dozen children were taught to speak the French and German languages, to type and to use the Morse code. Their experiences, both hilarious and exciting, are told in an entertaining manner by the authors.

Mrs. Charles Gibson, president, conducted the business session, during which Mrs. Lewis N. Raymond was welcomed as a new member.

Mrs. Harry Kitter, program chairman, announced that the next meeting will be the annual guest day, to be held Oct. 25 in Ann Rutledge hall, MacMurray college.

A social hour was enjoyed and refreshments were served by the hostesses. Miss Jeanette Luttrell was a guest.

MISS DARLENE GRADY
Mr. and Mrs. Joseph Grady of rural route one, Jacksonville, are announcing the engagement of their daughter, Darlene Barbara, to William B. Harrell, son of Mr. and Mrs. John Harrell, 1008 East Rount street. The wedding will take place Oct. 29 in the Assembly of God church at Winchester.

Someone to Love

By IRENE LONNEN ERNHART

Copyright, 1949, NEA SERVICE, INC.

THE STORY: Jenny's marriage to Tod Duncan has nearly bogged down with difficulties, and the team being the arrival of twin sons, and Tod's inability to forget his Conover, who filled him. After Tod's graduation from college, they live in the guest cottage of an old chum Rick Morris, while Tod commutes to work.

put on his coat and went out, muttering something about cigarettes. Tomorrow, she decided, she would see Mrs. Duncan. She could ask the landlady to sit with the twins for an hour.

TOD walked briskly down the shabby street, guilt washing through him in sickening waves. He couldn't stand to have Jenny turn those brown eyes of hers on him so sympathetically, asking what was troubling him.

For months now, ever since he had gone to work for the firm, he had been seeing Liz Conover. She was working for her father's advertising firm, which handled Tod's company's business. He saw Liz nearly every week. She brought over the advertising copy personally, instead of sending it by messenger.

He had thought he would tell Jenny casually of having seen Liz. But there had never seemed to be an opportune moment in the beginning. And now seeing her had come to be something different, something he looked forward to with trembling hands and a thudding heart, and a feeling of contempt for himself. He couldn't mention Liz casually to Jenny now.

He was stirred up. And that was what Liz wanted. He was sure of it the day his boss, Mr. Freytag, said, "Duncan, Miss Conover from the advertising agency says you ought to be handling our advertising layouts. She told me you were good at that sort of thing, that her father had tried to get you into her firm."

He admitted he had been interested in advertising, and from then on it was settled. He had conferred with Liz over the copy. Each meeting had been more tense and filled with undercurrents than the one before. Liz knew her power over him.

As he walked along now through the night he wondered if it wouldn't be best to make a clean breast of it. Why not say, "You see how it is, Jenny—having been in love with her once I feel upset over the contact. But I'll get over it. She doesn't mean anything to me really. Just be patient with me, Jenny."

No, that wouldn't make sense. He'd been married to Jenny for a year and a half now, and if Liz still had the power to tear him to pieces inside, there wasn't any use trying to explain it to Jenny.

No wonder Jenny knew something was tormenting him.

THE next day Jenny put the babies to bed with bottles for their naps at 2 o'clock and asked Mrs. Slattery, the landlady, to sit in the apartment while she took a taxi to the Madison street apartment where Tod's mother lived.

Mrs. Duncan didn't seem to be home. One of the neighbor women in the building talked to Jenny about her.

"She's always takin' nerve medicine, Miz Duncan is. She goes around to different drug stores gettin' that prescription filled."

"She does?" Jenny was shocked. "Yeah. She's always doped up with it. I said to her the other day, 'I said, 'Miz Duncan, why do you take so much of that there nerve medicine. You know it ain't good for you. What if the doctor found out?' And she said, 'Nobody's gonna tell him!'"

And I says, 'But why do you take so much of it?' and she says, 'Because it makes me feel like I'm floatin' on a cloud. I forget my troubles. I forget I don't feel good and none of my kids come to see me no more.'"

Jenny escaped after a while. After she had told Tod he went that night to see his mother. But there was little he could do. Three weeks later, in December, she fell down a flight of stairs and was taken to the hospital and then to a nursing home.

Tod was relieved in a way, because he knew the medicine habit would be broken, but on the other hand with money being paid out each week to the nursing home his financial situation became more and more desperate.

Chief Asks Citizens To Check Homes For Common Fire Hazards

A single afternoon or evening will be enough to rid your home of the most common fire hazards, Fire Chief Charles Lonergan said Wednesday in urging local citizens to join in the nation-wide observation of Fire Prevention Week, October 9 to 15.

"The first step is to clean out the cellar," the Chief said. "Most families have stacks of old magazines, piles of discarded clothing, and even pieces of furniture stuck away down there."

"All it takes is a spark from the furnace, or a defect in the wiring or a carelessly dropped cigarette to start a fire in the cellar. Once it is started, it is particularly difficult to bring under control if those piles of fast-burning paper, cloth, and wood are there to supply fuel."

Basement is Danger Spot
The National Board of Fire Underwriters estimates that one out of every three home fires begins in the cellar, the Chief said.

"The next step is to clean out the attic, which is another danger spot," he said. "By cleaning up your home this week, you may keep it from burning up next week."

Chief Lonergan also suggested these "Seven Steps to Fire Safety."

1. Have the complete heating system inspected, cleaned and repaired by an experienced repairman.
2. Provide covered metal containers for ashes and trash.
3. Avoid hanging extension cords over bare walls or running them under rugs, as this causes dangerous wear. Replace worn extension cords.

Home Wiring Dangerous
4. Always call in an experienced electrician for necessary home wiring.

ing, because "home handymen" have been responsible for many fires traced to faulty wiring.

5. Oil and clean motors of electric appliances, and check to be sure that belts are in proper condition. "This does not apply to refrigerators which have sealed-in motors."

6. Place a metal screen in front of the fireplace, to guard against flying sparks and hot ashes.

7. Never clean with gasoline—it's dangerous! Fire experts suggest that cleaning be sent out: if you must clean at home, use cleaning fluids bearing the U. L. label of Underwriters' Laboratories, Inc.

In addition to these specific steps, the Chief emphasized that "careless handling of cigarettes and matches is still the No. 1 fire cause."

He said that the National Board of Fire Underwriters estimates that nearly a third of all fires, in homes, factories, forests, and elsewhere, are caused by careless smokers. "This week and every week, you should make certain cigarettes are out before throwing them away, avoid tossing cigarettes or matches into wastebaskets, and especially make certain that no member of your family ever smokes in bed."

Ways to Save

If you were a Nigerian your "savings" would consist of excess grain which you had accumulated over a period of years and which you would store in a giant mud "igloo." Some years your savings would be so small that you could almost count the number of kernels added to your store... but you would save them, nevertheless. It is amazing how fast a small amount, saved regularly, adds up when saved at Jacksonville Savings & Loan Association. All the time you are saving more, your money is earning more for you. That's why it's fun to save at Jacksonville Savings & Loan Association. Stop in and let us explain.

Says Home Life Affects Future Of Young People

The Woman's Missionary society of Westminster Presbyterian church met on Tuesday for a luncheon meeting at the country home of Mrs. Harold B. Kamm. Major Henri Servais, county probation officer, was guest speaker for the occasion. He stressed the fact that affection is the greatest need of most of the young people placed under his care and showed that lack of religious training and broken homes are contributing factors in a large percentage of these cases.

Before the luncheon, a business session was held with Mrs. Herbert J. Capps, the president, presiding. Reports were presented by Mrs. A. F. Evert, secretary; Miss Louise B. Holmes, treasurer; and Mrs. W. N. Harness, secretary for overseas sewing. Mrs. Harness also read a letter from Dr. Clarence G. Salisbury of the Canada Mission, thanking the society for hospital supplies which had been sent him.

The program of the Council of Church Women for the year was also presented during the business session of the Council representatives. Mrs. Capps and Miss Margaret K. Moore. Plans were made for the collection and packing of "Pieces for Peace" before World Community day on November 4.

Dr. Arthur P. Evert, pastor of the church, led the devotional service at the beginning of the afternoon session.

Walter Fearneyhough, Republican, of Lynville precinct, and Virgil Wegehoff, Democrat, of Concord precinct, are the opposing candidates for the office of county commissioner. Mr. Fearneyhough is at present a member of the board.

Caucuses were held by both Republican and Democrat parties several weeks ago, at which candidates for justices of the peace and constables were nominated.

Republican candidates for justice of the peace whose names appear on the ballot are Paul F. Hapke and Patrick H. Loneragan. Republican candidates for constable whose names are on the ballot include Edward Goodey, J. W. Hawkins and Harold R. Wilson.

Nominated on the Democratic ticket are C. S. Smith and George Creighton, candidates for justices of the peace; Frank Ham and Richard Vasey, candidates for constable.

Five Can Be Elected
The law provides for election of five justices of the peace and five constables in the City of Jacksonville. Blank spaces are left on the ballots for write-in candidates. Otto H. Niemann, now a justice of the peace, has announced that he will be a write-in candidate on the Democratic ticket.

In precincts of the county outside Jacksonville the voters will ballot for county commissioner, and are privileged to elect two justices of the peace and two constables in each precinct. No candidates for justice or constable in precincts outside of Jacksonville filed certificates with the office of County Clerk Douglas. All will be elected by the write-in method.

Crimsons, Tigers To Clash In Intra-City Game Friday

George Weiss, Yankee General Manager, Raps Brooklyn 'Youth' Myth

By Jack Hand

New York, Oct. 12.—(P)—“Who won the world series anyhow?”

George Weiss, the normally mild, general manager of the New York Yankees was blowing off long-suppressed steam. The occasion was a final news conference with Casey Stengel before the Yankee manager left for California and a two-month vacation.

“All I read is that the better team lost,” said Weiss, who made his reputation building the Yankee farm system, “and that Brooklyn is going to win the next 10 years.”

“Just analyze the two farm systems. You’ll find we have brought in up and used more players on the Yankee club than Brooklyn. You hear about all their young players. Well, I think we are in 11 leagues with them and we beat them six of 11.”

“If our players are any good, we bring them up, not sell them. In the last three years, 37 team players have been traded to Brooklyn. By that I mean they either played with us or were used in deals to strengthen the New York club.”

Has Young Player Strength

“This is a winning ball club and it has a nucleus of young players. We’re not going to talk about any wholesale shifts. We already have brought up a few for next year. Holy smokes—man for man I think Yogi Berra, Alie Reynolds, Tommy Byrne and his coaching staff. He didn’t have to mention Joe Page. Everybody knew about him.”

Weiss was more than a little miffed at the Dodger farm system claims, particularly after the Yanks humbled the Dodgers 4 games to 1 in the world series.

“Our talent runs 5 to 1 better than Brooklyn’s,” said scout Joe Devine, who could be slightly prejudiced because he works for the Yanks.

Stengel, who held the floor for the greater part of the hour long conference, listened with interest while Weiss talked. It was Weiss who brought him back to the big leagues.

Skinny Sophomore May Be Brightest Grid Star At Yale

Princeton, N. J., Oct. 12.—(P)—A 168-pound Princeton sophomore who can run, pass and punt may be the latest star in old Nassau’s grid history, which goes back to the days of the 1880’s and ’90’s.

Dick Kazmaier, who dashed 43 and 55 yards for both of Princeton’s scores in a 14-13 loss to Pennsylvania last week, has played only three varsity games for the orange and black, but he’s shown sharp improvement since the opening game against Lafayette.

Playing tailback in Coach Charley Caldwell’s single-wing offense, Kazmaier was both cool and capable against Penn. The skinny 18-year-old youngster was easily Princeton’s standout.

Besides his two scoring sprints, here’s what the former Maumee, O., high school star did:

Gained 119 yards in 14 tries running, for an average of 8.5 yards per carry.

Completed eight passes in 12 attempts, with one interception, for a gain of 79 yards.

Twice punted out of bounds on the eight and 11-yard lines and averaged 36 yards from scrimmage. He also got off a 65-yard quick kick.

F. Saigh May Shuffle Cards But Dyer Stays

St. Louis, Oct. 12.—(P)—Eddie Dyer will be back as manager next year, but some player changes are in store for the St. Louis Cardinals if deals can be arranged.

Owner Fred Saigh, still smirking over the collapse of the Cardinals in the final week of the season that cost them the pennant, left no doubt about Dyer’s status.

“I am completely satisfied with Dyer, and he will manage the Cardinals in 1950,” Saigh said.

Although Dyer’s two-year contract doesn’t expire for another year, there had been some speculation that he might be replaced. The Cards, lost out to Brooklyn in the pennant chase by the narrow margin of one game.

Saigh disclosed he has already sounded out four National League clubs on possible player trades. He observed it might be difficult to arrange for trades since other clubs hesitate to strengthen a pennant contender.

But the owner expressed willingness to part with front-line strength, perhaps a pitcher, to get what he wants.

His talks with officials of the Giants, Cubs, Dodgers and Pirates have been only preliminary, but may be resumed at any time, Saigh said.

He did not name any of the players he is after but said he wants a catcher, a right-hand hitting outfielder, and an understudy shortstop to provide some rest for the veteran Marty Marion.

“I won’t give up too much of our first-line strength, as it must not be forgotten that we did finish a very close second last season,” Saigh said.

The Rockets up to now have enjoyed a string of three wins and suffered no losses in six-man league play. By virtue of their success, the Jacksonville east-siders now rest on top of the loop. Chanderville, whipped three times this season—is at the bottom of league standings.

But, don’t look at the records and think the Rockets are going to walk away with a football game tonight.

In the first place, the locals will be playing on a foreign field, something that they’re not unused to but also a factor that counts in the final sprint. Secondly, the Rockets are weakened by the loss of Sonny Lonergan and John Kennedy. Both lads are ball-carriers of noted repute and their absence dips deeply into coach Paul Stroud’s reserve kettle.

Chanderville, with all hope for the conference crown gone, has but one method to attract attention this season—by beating Routt. Could they knock off the Jacksonville huskies, their season would be tabbed a medium success.

Still, taking these facts into consideration, we’ll pick the Rockets to overpower Chanderville by something like 39-6. We’ll guess again and predict that Sonny Lonergan, injury and all, will run enough plays tonight to keep his two touchdowns per game average intact.

Bauer, Lindsay Win In Women’s Open Tournament

Fort Worth, Tex., Oct. 12.—(P)—Young Marlene Bauer’s 19-hole victory over defending champion Polly Riley and elimination of Mrs. George (Babe) Zaharias, marked second round play in the Women’s Texas Open golf tournament today.

Babe, who has won the event three times, also bowed out on the 19th hole to Marjorie Lindsay of Decatur, Ill. Babe conceded the hole after failing to get on the green in three. Marjorie’s second shot lay only 10 feet from the cup.

Marlene faces another stiff test tomorrow in Miss Lindsay, the Illinois state champion.

Tennessee Grid Captain Ineligible

Knoxville, Tenn., Oct. 12.—(P)—Fullback Ralph Chaney, co-captain of the University of Tennessee football team, was declared ineligible today.

Chaney played on the Tennessee team as a freshman in 1942 and was a member of the varsity squad for the last three years after returning from army service.

The status of the big Tennessee fullback was questioned yesterday and southeastern conference commissioner Bernie Moore asked University officials to investigate.

N. W. Dougherty, chairman of the University athletic council and Secretary of the conference, said he found that Chaney played as a freshman and had ruled him ineligible.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Oct. 12.—(P)—Livestock trading was mixed today. Hogs were steady to 25 cents lower, but cattle were steady to 50 cents higher, with both steers and heifers forging new 1949 high price marks, and sheep were steady to 50 cents higher.

Most good and choice barrows and gilts found outlet at \$17 to \$18.35 with a few loads grading choice meriting up to \$18.50. Sows generally took \$15.50 to \$17.50 and a top for a few of \$17.75. An estimated 1,000 hogs were held over unsold.

The new cattle tops were \$36.25, paid for three loads of choice to prime steers, and \$34.50, brought by a load of prime heifers. Most good to choice steers were \$28 to \$35.25, while a load grading high-choice hit \$36 and two loads of long yearlings took \$35.75 and \$35.85. Good and choice fed heifers made \$26.50 to \$31.50. Beef cows ranged downward from \$18, sausage bulls from \$19.50, and vealers from \$27.

Native and western woolled lambs grading good and choice brought \$23.75 to \$24, the market’s top. The latter price also was top for good and choice shorn, while a load of comparable grade yearling wethers took \$21. Ewes topped at \$9.50.

Estimated receipts on sale included 10,000 hogs, 8,500 cattle, 400 calves, and 2,000 sheep.

Vienna.—(P)—The 7th world jamboree of the Boy Scout movement will be held in Austria in 1951.

The meeting, which will be attended by Scouts of five continents, is to be staged near Bad Ischl in the Salzkammergut.

The last world jamboree was held at Moissin, France, in 1947.

Minnesota Center Rated Lineman Of The Week By AP

Minneapolis, Oct. 12.—(P)—A pleasant young fellow whose keen football sense puts him in the opposing team’s backfield quite a bit has been chosen as lineman of the week.

Named in the Associated Press’ third poll of the season was Calton Tonnenmaker, Minnesota’s burly center. Chief reason for his selection was his play in the Northwestern game last Saturday, won by Minnesota, 21-7.

“It was Tonnenmaker who wrecked us in that first half,” said Don Heap, assistant Northwestern coach. The Gophers led, 14-0, at halftime.

Heap wasn’t exaggerating. In his line-backing position on defense, “Tonny” smelled out virtually every play Northwestern tried and made more than his share of tackles.

A lot of times his ability to diagnose plays put him on the ground in the middle of the Wildcat backfield, the ball carrier clutched in his arms. When that happened, the ball carrier stayed put, because you don’t move Tonnenmaker’s 243 pounds when he doesn’t want to be moved.

“Naturally, I’m pleased—I don’t imagine I deserve the honor,” Tonnenmaker said. “But it’s really nice. I’ve been watching that lineman of the week but I never thought I’d make it.”

Outside of saying he was aiming at a professional football career, he didn’t have anything else to say. His hopes for a pro career probably will be realized for, in the estimation of George Svendsen, assistant coach at Minnesota, Tonnenmaker is the “best pro prospect I’ve ever seen.”

Tonnenmaker, co-captain of the Gophers, is termed a “very good leader” by the coaching staff at Minnesota, and that quality is credited with bringing about “the best team spirit in several years.”

Tonnenmaker won the designation over Lou Creekmur, William and Mary tackle; Bob Jablonski, Yale guard, and J. D. Ison, Baylor end.

Winners of the first two polls were Howard Houston, Harvard tackle, and Art Weiner, North Carolina end.

Bob Dell, regular center for the Ivy loop champs last season at Pittsfield Community high, is a regular center for the Culver-Stockton eleven this season. Dell sparked the Saukees to the championship of the Pittsfield sectional basketball tournament last March for the Pike county school’s first trip to the state meet since 1921.

BRIDGE CLUB GETS RATTLED

McGrew, Neb.—(P)—Mrs. Ward Wise’s bridge club meeting. Mrs. Benny Roberts and Mrs. V. E. Gatch scored a grand slam against a rattlesnake that slithered across the yard as they were leaving.

They used honest-to-goodness spades and clubs (not the card variety) to do the job. Mrs. Fred Foster took home the prize—11 rattlers from the snake.

WANT TO REDUCE WITHOUT DIETING? WEAR SUSPENDERS

Denver, Oct. 12.—(P)—Want to reduce your waistline without dieting, fella?

Wear suspenders, says an expert attending the American Dietetic Association. The slim advisor who doesn’t want to be named said the secret is this:

Belt wearing men unconsciously expand their stomachs to keep their trousers from slipping.

He said 26 pot bellied men switched to braces and reduced their waistlines an average of one and five-eighths inches.

Jacksonville Fans Promised One Night Of Action After All

Jacksonville football fans who’ve been checking road maps and contemplating out-of-town trips to see some gridiron action, need look no more. The Jacksonville high school Crimsons will entertain At Yates’ ISD Tiger eleven in an intra-city grid clash under the northside lights Friday night. Kickoff time is set for 8 p.m.

The surprise announcement was made by JHS Head Coach Bob Kraushaar last night. Both clubs were not scheduled for games this weekend and carded the bout as an “extra” for local fans.

Because of a pre-season schedule mix-up the two Jacksonville elevens were not going to tangle this season for the first time in several years. The Crimsons were originally slated to travel to Rushville this Friday, but another fumble resulted and Rushville found itself with two games on the same night. Kraushaar was forced to cancel the Crimsons game and Gillespie will play in the locals’ place.

But the mix-up took a turn to the good as far as Jacksonville grid watchers are concerned when the two teams hurriedly decided to get together after all.

The Yates coached Tigers will be trying to break a two game win streak imposed on them by the Jacks when the elevens meet Friday. The Crimsons downed a red-hot westend gang 13-6 last season.

Neither local team has fared too well in inter-school competition this season. The Jacksonville high bunch has suffered three losses and gained one tie up to now. The ISD team has fared a little better, winning one game and dropping two.

Both elevens took it on the chin last week. ISD was dumped 18-6 by an unbeaten Waverly club Thursday night and the Crimsons were clipped 33-6 by Beardstown Friday.

One thing is certain this week. A local team is sure to win, or two will gain ties.

Ray Eliot Grooms Illini For Potent Missouri Offense

Champaign, Ill.—How to stop one of the most potent offenses in the nation is task confronting Coach Ray Eliot and his staff as the Illini prepare to meet Missouri in an interstate rivalry at 1:30 p.m. Saturday in Memorial Stadium.

Scout Bog King who has watched the Tigers of Don Faurot drop two of three starts this season reports Missouri is extremely fast, has a lot of versatile backs, and a fine passing attack centered on the throwing of Dick Brazzell.

“While Missouri has lost two games, remember they have rolled up 82 points and that they suffered one-point setbacks from Ohio State and Southern Methodist, top-ranking teams in the national picture,” King said.

“The Tiger line is big, rugged, and has fine speed and how those backs like Brazzell, John Glorioso, Nick Carras, Phil Klein, and Martin Sauer can go. Too, the team has improved steadily on defense holding Oklahoma A & M to a single touchdown last Saturday and that came on a long pass.”

Illinois will work principally this week constructing a special defense for the Tigers based on King’s knowledge of the Faurot split-T.

Ezzard Charles, Valentino Taper Off As Fight Nears

San Francisco, Oct. 12.—(P)—Ezzard Charles and Pat Valentino tapered off today as the deadline for their Friday night NBA heavyweight title bout drew near.

The champion went a few rounds and plans only some light calisthenics tomorrow.

Valentino finished his heavy workout yesterday, coasted through a light workout today and will rest tomorrow.

Both men appear to be in excellent shape.

Professional odds-makers have made Charles a 5-1 favorite and it’s even money Valentino won’t be around to answer the bell for the 10th round.

It’s a good money go for Charles. He gets \$40,000, or the option of 35 per cent of the gate. The fight may gross around \$150,000.

Valentino is guaranteed \$8,500.

Football Briefs

Swistowicz In Infirmary

South Bend, Ind., Oct. 12.—(P)—Fullback Mike Swistowicz remained in the infirmary with a leg infection today while the Notre Dame football squad scrimmaged in preparation for the Tulane game Saturday.

Trainer Hugh Burns said Swistowicz is due to be released tomorrow but it is doubtful whether he will see action Saturday.

The heat and humidity hampered the Irish players in today’s practice and Coach Frank Leahy said he feared a spell of “New Orleans weather” might affect the team in the battle with the Green Wave.

Wildcats In Defense Drill

Evanston, Ill., Oct. 12.—(P)—Northwestern’s football varsity held a short defensive drill today against a freshman team which used Michigan plays. Another unit went through an offensive scrimmage against a “B” squad.

Coach Bob Volts made two changes in his varsity lineup. Don Burson was back at quarterback and Sophomore Don MasRae filled the right guard slot.

Illini Squads Scrimmage

Champaign, Ill., Oct. 12.—(P)—Coach Ray Eliot’s Illinois varsity football team scrimmaged against the freshmen today with the yearlings using Missouri’s passing plays.

Bill Tate and Tom O’Connell, freshmen throwers, completed a number of passes against the veterans.

The Illini will go into the Missouri game Saturday in top physical shape, except for the loss of reserve Linebacker Elie Popa, who broke his leg Monday.

Beggs To Present Chopin Centennial Program Sunday

The attention of the musical world in this country as well as in Europe, is turned this year to the Chopin centennial: the one hundred anniversary of the death of Frederic Chopin. Many nations are paying high tribute to this outstanding composer with festivals, concerts, exhibitions and recitals. The whole life of this, Poland's greatest musical genius, is being reflected in these celebrations which began on his birthday last Feb. 22.

Hugh Beggs

Jacksonville will have its own particular part in this 160th anniversary next Sunday, Oct. 16, in Music Hall, MacMurray College.

Mr. Beggs will present his annual faculty recital at four o'clock. Mr. Beggs will use a number of the lesser-known compositions in the first part of the program. There will be the Nocturne in C sharp minor to open. This will be followed by two Mazurkas, the first in G minor which was published after Chopin's death and one in A minor which was dedicated to his friend, Emilie Gaillard. The last two numbers in this opening group will be a Barcarolle and one of the lesser-known Scherzos.

The familiar Sonata in B flat minor will occupy the center spot in the program. This sonata, regarded from almost any point of view—as beauty, musical form, or dramatic intensity, is a masterpiece. The work is founded upon an ancient Polish poem of legendary significance. It consists of four movements in which the musical translation treats successively the principal moods of the poem. The final group will be the 24 Preludes in Chopin's Opus 28. These hold a unique position in piano literature. They are short, fragmentary tone sketches consisting of a single movement, as a rule, embracing the twenty-four different keys from C major to D minor.

The public is cordially invited to attend this Chopin recital.

Slain Man Found Lying Along Country Road South Of Jerseyville

Jerseyville—Police of four states were united Wednesday night in the search for the companion of Albert Earl Clark, 23 year old restaurant cook, whose body was found Wednesday lying along the side of a rural road south of Jerseyville.

Authorities estimated Clark had been dead six days. He had been shot through the head with a 32 calibre revolver.

George French, Jersey county farmer residing in the Black Jack school district community, discovered the body at 11:30 a.m. Wednesday while he was driving a tractor along the road. French did not stop, but continued to drive on to make a report to County Sheriff C. E. Wedding.

The sheriff was out of town on official business, however, and French's call was answered by Jerseyville Chief of Police Ed Henson.

State Policemen Paul Stone and Deputy Herman Kierman.

They found the body in the weeds and underbrush along the ditch side of the infrequently travelled road, which adjoins Route 67.

The body was dressed in a gray shirt and trousers, but the shoes were missing. A nickel was found in his one pocket. Identification of the body was made through laundry tags, no word from him for six days.
